NoodleTools - Footnote Format and Print/Export Bibliography

- Create a New Project
- Add source citations and annotations (if needed)
- NoodleTools has 70+ forms to cite different types of sources

To add annotation to citation

- Fill-in fields for citation
- For books, need the page #s
- For a source: Select Options --&gt; Footnote Format

To use the Footnote format be sure

- Modify footnote as needed (i.e. Book - add pages #s)
- Copy and Paste either the full footnote or shortened footnote into your paper

Create the bibliography from NoodleTools. **You will need to use a desktop or laptop.** Select Print/Export --&gt; Choose where to export to either Word or Google Docs

Edit the annotations in Docs or Word: single-space and indent 0.5"
